

贊比亞

管理委員會和參與讀書會以改變其孩子的教育。而我們的「增強讀寫能力」項目讓提升兒童的閱讀和寫作能力，為他們未來作好準備。

認識我的國家：

人口超過1,800萬

約15%的兒童失學

每1,000名兒童便有61名無法度過5歲生日

救助兒童會自2012年起在贊比亞開展助養兒童計劃。有賴大家慷慨的支持，我們可以透過計劃惠及兒童、家庭以至整個社區。

年幼學童：

能於幼兒階段接受早期教育的兒童，相比沒有機會接受早期教育的兒童，於未來在學習和社交上表現更為出色。我們支援兒童在知識、行為和體格上的成長，以確保兒童可以在健康和正面的基礎下作好準備。

卓越學生：

我們致力改善兒童的教育，著重於優質教育。我們與當地教育部門合作，為教師提供教材、培訓和其他支援。我們鼓勵當地社區透過成為學校

clubs. Our Literacy Boost program helps children to succeed in the building blocks of education – reading and writing.

Healthy Girls and Boys:

In areas of poverty, children suffer from many preventable and treatable illnesses. These include anemia, worm infestation and various hygiene-related issues. Our programs work with education systems to deliver basic services and life-long healthy hygiene habits.

Healthy Moms and Babies:

To protect mothers and babies under the age of 5, we provide high-impact services and practices that address things like malnutrition and treatable and preventable diseases. We work with all levels of government to create national policies, strategies and programs that strengthen the health-care system and support frontline health workers.

Country Facts:

More than 18 million population

About 15% of girls and boys are out of school

61 out of 1,000 children die before their 5th birthday

Save the Children has provided sponsorship programming in Zambia since 2012. Thanks to generous sponsors like you, children, families and entire communities receive the many benefits of our programs.

Early Learners:

Participants in the Early Learners program make major intellectual and social gains later in life, compared to children without access to similar programs. We support knowledge, behavior and physical growth to ensure a healthy and positive foundation that prepares children for success.

Successful Students:

We seek to improve education for children with a focus on quality teaching. Working with the Ministry of Education, we provide materials, training and support to teachers. We encourage communities to participate in their children's education through school management committees and reading
